

The UC San Diego Center for Research, Education, Innovation, and Transformation in Organ Donation {REIMAGINE} invites you to the CME Course:

DCD in Action: Advanced Training in Normothermic Regional Perfusion

Join us for an unparalleled Hands-On Donation After Circulatory Death (DCD) Course and the use of Normothermic Regional Perfusion (NRP) led by experts from Europe and the United States. Hosted by REIMAGINE, in collaboration with the Donation and Transplantation Institute (DTI), this multi-day, 14-credit course (including two live webinars) at the UC San Diego Center for the Future of Surgery will immerse participants in both theoretical foundations and hands-on in DCD and surgical NRP simulations with real-time instruction from pioneers in the field.

May 29 & 30, 2025 | UC San Diego Center for the Future of Surgery

Registration fee: \$2,000 Discounted room rate at The Estancia Hotel La Jolla

REGISTER via QR code or at: https://commerce.cashnet.com/UCSD_REIMAGINE

The University of California San Diego School of Medicine designates this live activity for a maximum of 14 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This immersive, hands-on course is designed to provide transplant and procurement surgeons, OPO professionals, and critical care teams with advanced training in the principles and practice of Normothermic Regional Perfusion (NRP). Hosted by the UC San Diego REIMAGINE Center in collaboration with the Center for the Future of Surgery and DTI, this multi-day program combines didactic instruction, case-based discussions, and hands-on surgical training using porcine models in a simulated operating room environment.

Registration includes:

Two, 2 hour webinars on May 20th and May 22nd with international and national leaders in NRP to discussion international (Spain, Italy, France, Belgium) and national experience (Texas, Tennessee, Pennsylvania, Colorado, Utah, California) in DCD/DCD-NRP, programmatic structure/development and outcomes.

A two day, in person course in San Diego (May 29th-30th) with didactic and hands-on (porcine DCD model for NRP cannulation [TA-, A-NRP, and combined A-NRP with SRR in the chest]) education lead by DTI (Amelia Hessheimer, Irene Bello, Angel Ruiz, Brian Alvarez, Alex Montero, Gabriel Moreno), and US leaders in NRP (Anji Wall, Marty Sellers and Phil Paci).
